Table of contents

1. Forum

[Nomad discussion forum](#)

2. Mailing list

There are two important mailing lists for this project, `nmedit-devel` and `nmedit-cvs`. The first list is where most of the development discussion takes place. The second list is one for notification of commits to CVS

There is no mailing list for user-related questions because the project is not yet suited for end-users.

List	Address	Page	Archives
Development	nmedit-devel@list.sf.net	[here](#)	[here](#)
CVS notifications	nmedit-cvs@list.sf.net	[here](#)	[here](#)
